# NDIS Housing Collaboration Event

Blue Wing Care and NDIS Property Australia are excited to invite you to our inaugural NDIS Housing Collaboration event.

## Collaborate

If you are seeking SDA housing for participants now or in the future, please come along to discuss with our builders and developers what your participant requirements are.

## Challenge

There has always been a disconnect between supply and demand in SDA housing. By bringing together the right people we hope to close the gap and help find and develop the right SDA housing for participants. Please bring along anyone you think may benefit from this event.

## Attendees

Support Coordinators, OT's, Plan Managers, Providers, Developers & Builders

## Housing Opportunities

Houses, units or villas which are completed or under construction or about to start, will be discussed

## RSVP by 23 Feb 2024
